

FY 2011

Annual Listing of Obligated Projects

Ashland Area MPO (Kentucky)

December 2011

Ashland Area MPO/FIVCO ADD
32 FIVCO Court
Grayson, Kentucky 41143
Phone: 606-929-1366
Fax: 606-929-1390
Website: fivco.org

The preparation of the document was financed cooperatively by the Federal Highway Administration, the Federal Transit Administration, the Kentucky Transportation Cabinet, and the Ashland Area MPO.

FY 2011 Annual Listing of Obligated Projects Ashland Area MPO (Kentucky)

The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) requires that the Metropolitan Planning Organizations prepare an annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year. The listing shall be published or otherwise made available by the cooperative effort of the State, transit operator and metropolitan planning organization for public review. The listing shall be consistent with the funding categories identified in each metropolitan Transportation Improvement Program (TIP). This requirement has been revised by the SAFETEA-LU, 23 U.S.C. 134(j)(7)(B), 23 U.S.C. 135(g)(4)(B), 49 U.S.C. 5303(j)(7)(B), and 49 U.S.C. 5304(g)(4)(B).

The following tables provide information on transportation projects in the Ashland Area MPO that have been obligated for spending using federal funds during the federal fiscal year 2011 (October 1, 2010 through September 30, 2011) and the Commonwealth's fiscal year 2011 (July 1, 2010 through June 30, 2011). The Ashland MPO area includes Boyd and Greenup County, Kentucky. Please note some projects may have received federal authorization in the previous fiscal year, but were not let until the current fiscal year.

The information provided is consistent with how projects are listed in the Ashland Area MPO TIP, i.e. projects are shown with a project identification number, route, section, location and description of project and funding amounts. This list provides information concerning the amount of federal funds that were authorized during fiscal year 2011 and "other" funding amounts during fiscal year 2011, and previous funds authorized. Projects are shown by county. Project funding obligation information for the Ashland Bus System (ABS) is included in report.

An obligation is the federal government's legal commitment to pay the federal share of a project's cost and one that has been authorized by a federal agency, such as the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA). Obligated projects are not necessarily initiated or completed in the programmed year and the amount of the obligation may not necessarily equal the total cost of the project. For FTA projects, obligation occurs when the FTA grant is awarded. For FHWA projects, obligation occur when a project agreement is executed and the state/grantee requests that the funds be obligated.

The Ashland MPO, cooperatively with the Kentucky Transportation Cabinet (KYTC) – Division of Planning and the Kentucky Transportation Cabinet (KYTC) – Office of Transportation Delivery developed the following list of projects that were obligated in fiscal year 2011 for the Ashland MPO planning area.
